YPSILANTI,
A handsome residence and manufacturing city with 7,000 inhabitants. Has the State Normal School with 1,000 students and other educational institutions.

PRICE, TWO CENTS.

What a Waste of Time and Money

it would have been for us to continually and expensively laud the merits of

STEIN BLOCK CLOTHING

unless they possessed all the excellent qualities which we claim for them; and if they possessed these qualities, are you not neglecting a valuable opportunity in not more closely investigating our claims?

The condition of our stock of **Stein Block Clothes** now is at its best, and we trust that strictly in your own interest you will run into our shop today, tomorrow, or as soon as it is convenient to do so and try on some of these clothes.

We will cheerfully send them home so that you can submit them to the approval of your wife, your family, your tailor, if you like, for if he be an honest man he will reluctantly confess that he cannot make you as good for double our price, all the while marvelling at the skill, genius and splendid commercial organization that enables the **Stein Block Company** to produce such high-class clothes at such comparatively low prices.

AMATEUR TRACK AND FIELD RECORDS.

In view of the approaching Western Intercollegiate meet, the following table of records has been prepared by the DAILY. The American Amateur, Eastern, Western and 'Varsity records are given. It is generally expected that some of the Western Intercollegiate records will be lowered tomorrow, and the old and new records will form the basis for a comparison of the East and West. Owing to the disordered method in which the records are kept, great difficulty was experienced in securing official statements of them. But great care has been taken to verify them from all available sources, so that they may be relied on as trustworthy with the possible exception of one or two cases.

Beloit Takes the Second Game.

Beloit defeated the 'Varsity yesterday in a hotly contested game, by a score of 4 to 1. Michigan started out well in the first inning. Snow beat out an ideal bunt, stole second, and came home on Adkins throw through second. Lunn followed with a hit but died on second. Beloit went out in one, two, three order in their half. Matteson started the second with a hit, but was caught at second by McMaster's pretty throw, whose throwing to second was one of the features of the game. Neither side was able to score until the 6th. Beloit getting only two men to the 1st in the whole five innings. In the sixth Merrill started out by striking out, McMasters followed with a hit and took second on Blencoe's miff of Lehr's throw to catch him napping. He then stole third, and started home on Brown's bunt. Lehr fielded the ball cleanly to Lunn, but McMaster slid in to him knocking the ball out of his hand and hurting his wrist. Adkins followed with a hit scoring Brown. In the 7th Beloit added two more. Blewett bunted and Blencoe muffed Lehr's throw, letting the runner to second, but he died at second. Eaton escaped a double play by fast sprinting. Brown followed with a hit and Mohr overthrew third base, scoring Eaton and giving Brown third, who scored a moment later on Merrill's bunt to Mattison. Neither side could score farther, but Michigan made a strong bid in the ninth. "Sally" Lunn made a two-bagger, and Davies sacrificed him to third, but the necessary hit did not come and he died there. Miller took Mohr's place in the 7th.

The tabulated score follows:

DESIRES NO CHANGE.

Bimetallic Convention Wants Chicago Platform Adopted.

BURDEN OF RESOLUTIONS ADOPTED.

Special Declaration in Favor of Rejection of Financial Plan—Strong Anti-Trust Utterance—Demands Bryan's Renomination.

Louisville, Ky., June 2.—President Tarvin called the bimetallic convention to order at 2:30 after which Gen. E. B. Finley, of Ohio, introduced the following resolution:

"Resolved, That with a view of taking measures to thoroughly organize for the campaign of 1900 a committee be selected of which the president of this association shall be a member.

"That said committee be requested to cooperate with the national committee in perfecting a thorough organization of the democratic party throughout all the states and territories of the United States, the president of this association to name the committee."

President Tarvin, after the adoption of the resolution, appointed the following gentlemen upon the committee: John P. Altgeld, Illinois; George Fred Williams, Massachusetts; W. J. Overmeyer, Indiana; W. J. Semolin, Kentucky; Allen W. Clark, Indiana. President Tarvin is a member by virtue of the resolution.

Bimetallic the True Issue.

The first speaker on the programme for the afternoon session was Hon. P. Wat Hardin, of Mercer county. He was greeted with rounds of hearty applause. The speaker lost no time in getting down to a discussion of the financial question. He dealt with the issues, which arise therefrom, from the time money was first circulated as a standard of value, and in brief history brought his topic down to the present day. Mr. Hardin gave it as his opinion that bimetallicism is the true issue confronting the democracy of the United States and the one upon which, with W. J. Bryan at the head of the party, will march to triumphant victory in 1900.

Hon. William Goebel, of Covington, followed Mr. Hardin. His speech was very brief and the gist of it was to the effect that the democratic party in the selection of a presidential candidate for the campaign of 1900 need look no farther than William J. Bryan and the Chicago platform. The trust issue, he thought, was of secondary importance to the question of bimetallicism and one which, under the changes which bimetallicism would produce upon the nation, would be of easy solution.

After Mr. Goebel Hon. William J. Stone made a brief speech, covering in substance pretty nearly the same ground previously gone over by Gen. Hardin and Mr. Goebel and invoking the adherence of all good democrats as a unit to the principles enunciated in 1896 at Chicago. With these in sight and Mr. Bryan at the helm the good ship of democracy could scarcely fail to win the port of success. At the conclusion of Mr. Stone's address the convention adjourned for supper.

The Night Session.

President Tarvin called the night session to order at eight o'clock and introduced Hon. Henry Warrum, of Indiana. He opened by saying that he brought good greetings from the Hoosier state; that the democracy of Indiana had remained steadfast in its determination to have the principles as enunciated in the Chicago platform prevail, and that it would continue until bimetallicism had been successful. The speaker directed his remarks to the proposed elimination of the financial question from the next national democratic platform, claiming that it was the work of demagogues and politicians who wished to surrender the principles of democracy, supplanting the money question. He closed with an exhortation to stand by bimetallicism and victory would be the result. An uproar of applause greeted Mr. Warrum as he took his seat.

The committee on a place for meeting for 1900 recommended that the selection of a place be deferred and that it be referred to a committee with power to act and to issue a call in the name of the executive committee. The report was adopted.

Officers Elect.

The committee on officers for the ensuing year made the following report, which was unanimously adopted:

enthusiastically received and unanimously adopted:

"First—Our faith in bimetallicism is vindicated by events. The necessity for the restoration of the double standard was acknowledged by the president and congress in 1897, when a commission was sent to Europe to entreat other nations to aid in establishing bimetallicism, and the failure of the commission to secure European cooperation confirms the friends of free coinage in their belief that relief can only come by the independent action of the United States. The present ratio of sixteen to one is the only ratio at which bimetallicism can be restored, and opposition to it is confined to those who oppose bimetallicism at any ratio and to those who misapprehend or ignore the reasons which led three national conventions to adopt it. That whatever paper money needs to be issued in this country to supplement a gold and silver currency should be issued directly by the government of the United States, without the intervention of any bank or corporation whatever.

"Second—We favor and recommend the adoption by the democratic national convention in 1900 of the Chicago platform of 1896 without change.

"Third—We especially favor and recommend the adoption by the democratic national convention of 1900 of the financial plank in the Chicago platform of 1896 without change.

"Fourth—We believe that the trust is the result, in large measure, of the methods that have been used, among which is the demonetization of silver, by which the volume of currency has been kept below the demands of business. We favor the destruction of the result as well as the removal of the cause. The establishment of independent bimetallicism at sixteen to one would do more to cripple or to destroy the organization and operation of the trust than any other single act. We favor and recommend, therefore, the adoption by the democratic national convention of 1900 of an appropriate and specific declaration against the organization and existence of the trust and a promise of legislative and executive action tending to their extermination.

"Fifth—We hereby express our continued confidence in William Jennings Bryan, and favor his nomination for the presidency of the United States in 1900."

THE BABY IS FOUND.

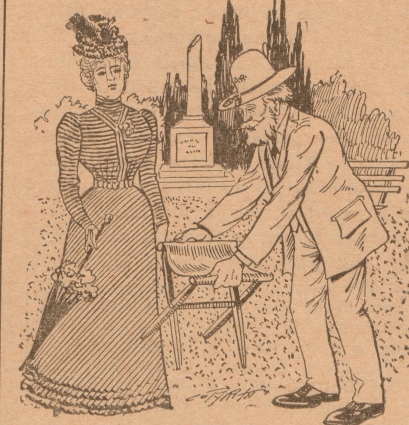

Marion Clark, the Kidnaped Child, Discovered in a Farmhouse Near Sloatsburg, N. Y.

Garnerville, N. Y., June 2.—Marion Clark, the 21-months-old child kidnaped from her parents, Mr. and Mrs. Arthur Clark, of New York city, on May 21, was discovered two miles south of Sloatsburg, a village about eight miles from here, Thursday afternoon. She was found at the farmhouse of Charles Youmans and was in custody of Mrs. Jennie Wilson, who took the baby to that place during the early part of last week. Mrs. Wilson was accompanied by her husband and stated to Mrs. Youmans that she wanted board for the little girl for the summer. Mrs. Wilson said that she had made arrangements with her husband to send all correspondence to her by way of the St. Johns post office, which is a few miles from Sloatsburg. Mrs. Wilson called at the St. Johns post office a number of times during the past few days.

Wednesday morning Mrs. Wilson went to the post office, taking Marion with her, as she had done on several occasions before. Mrs. Carry, the postmistress, delivered to her only one letter. The Clark baby attracted the country people by her appearance, her large blue eyes and pink complexion being particularly noticeable. The curiosity which the child aroused made her captors grow uneasy, and they kept her closely confined at the Youmans home. As soon as the notices of the abduction reached the neighborhood the people began to suspect that the child was Marion Clark. They felt positive of it because the child wore the same clothes as at the time when she was stolen.

As soon as Deputy Sheriff William H. Charlston learned of the abduction he, taking his clews from pictures of the child and the descriptions given him by people who saw her, went to the farmhouse of Charles Youmans and found Mrs. Wilson, from whom he demanded the child. Mrs. Wilson was indignant and claimed she knew nothing whatever of the child. The deputy sheriff produced a warrant, arrested the woman and demanded information as to the whereabouts of the child. At this Mrs. Wilson weakened and made a confession. The baby was then produced and the sheriff took both prisoner and child to Magistrate Herbert at West Haverstraw.

Mrs. Wilson refuses to make a full statement. She is the daughter of Mrs. J. J. McNally, of Goshen, N. Y., to whom she wrote a letter explaining her plight. Marion Clark, the child, is in good health. She has no hat and her shoes show much rough handling. Her clothing is also much soiled. The identification is complete, even to the red birthmark described in the circulars issued by the chief of police of New York. Ar-

Suitable Furniture

for any occasion and every use is shown in our present stock. From kitchen to attic, from piazza to garden, we can furnish a house with artistic and well-made furniture at moderate cost.

If visitors are expected on Decoration Day the addition of some articles of furniture may be necessary. We show a full line of all kinds of furniture.

Columbus, O., June 2nd, 3rd and 5th, return limit June 18th, account of meeting American Medical association.
Cleveland, Ohio, June 25th and 26th, return limit June 29th, Annual Convention Knights of St. John.
Cincinnati, O., June 27th to 30th, incl., return limit July 5th, National Saengerfest.
Petoskey, Mich., June 19th, 20th and 21st, return limit June 27th, G. A. R. Dept. Mich. Annual Encampment and W. R. C. Dept. Convention.
St. Louis, Mo., June 19th and 20th, return limit June 25th, Reunion and Grand Lodge Meeting of Elks.
Buffalo, N. Y., June 14th and 15th, return limit June 18th with privilege of extension to July 2nd, Nobles of the Mystic Shrine Imperial Council.
Lansing, Mich., June 2nd and 3rd, return limit June 5th, Annual Field Meet Michigan Intercollegiate Athletic Assn.

There is an effort being made to gather articles of clothing for the orphanage children, whose home is at Berne, Ind., was burned on April 18. This fire left forty-three little girls entirely destitute of clothing, nothing being saved but a few summer dresses.

The Christian and Missionary Alliance is interested in this work, and will be glad to receive articles of clothing or money for this purpose and see to it that they reach these little sufferers from fire without cost to any funds that may be placed in their hands. Gifts of money or clothing may be left at M. C. A. rooms, on Main st., or at Miss Salyer's, No. 554 Elizabeth st., or if those having articles to dispose of in this way will send a card to the above address they will be called for. For Jesus sake.
THE C. AND M. A.

If you want a music roll you can buy it of ANN ARBOR MUSIC CO. this month at 25 per cent off. This means a great deal as leather goods are sold very close.

NOTICE: The Michigan Telephone Company's

State Directory that was to have been published about May 25th will not be ready for delivery until about June 29th. This delay is caused by the phenomenal growth of new subscribers throughout the state.

The names of all subscribers signing contracts before the 25th of May will appear in this list.

This directory will contain the names of all important business concerns and all residence subscribers in Michigan.

You Cannot Afford to Be Left Out.

AMERICAN PLAN WINS.

Mediation Adopted by Subcommittee at The Hague—No Dissenting Vote.

The Hague, June 2.—The first commission, by a vote of 18 to 3, has adopted a resolution prohibiting the use of dum-dum (or flattened bullets). Italy, Austria and Great Britain formed the minority.

It was also resolved to prohibit the use of explosive from balloons and explosive bullets.

An agreement was found to be impossible on all important proposals and the conviction is growing more than ever that the work of the first commission is doomed to failure.

The American mediation scheme was unanimously adopted at Wednesday's sitting of the sub-committee, which embodied as Article VII, the scheme prepared by the sub-committee, with few alterations.

The second section of the Red Cross committee is also encountering difficulties, as the American and British delegates are opposing the proposed regulations as being too stringent.

London, June 2.—The correspondent of the Daily News at The Hague says: Mr. Frederick Hollis, secretary of the American delegation, is the author of the American mediation proposals. In one of the most forcible and lucid speeches the conference has yet heard, he argued the utility of special mediation, as illustrated by the lessons of the Hispano-American war. He said that had Spain and America been each assisted by a mediator, peace would probably have been arranged after the battle of Manila.

Receipts and Expenditures.
Washington, June 2.—The monthly comparative statement of the government receipts and expenditures for May, 1899, shows the total receipts to have been \$44,786,013, as against \$30,074,818 for May, 1898. The disbursements amounted to \$40,513,004, as against \$47,849,909 for May, last year, leaving a surplus for last month of \$4,273,009. The disbursements during the last 11 months amounted to \$573,709,972, as against \$395,523,105 for the corresponding period last year.

When the Emperor Rides.

The German Emperor's private train, in which he travels over the German railways, is a very comfortable affair. There are nine carriages, each of which cost between \$10,000 and \$15,000. Outside these are painted in blue and cream and gold. There is a saloon carriage for the Emperor and another for the Empress, besides kitchen, dining and luggage cars, a saloon for the suite, and another for the servants. Finally, there is a carriage containing tools and workmen, to make any small repairs that may happen to be required on the journey.

Why Sheep Have Wool.

If you want to ask a sheep where he got his wool and why, take a dog into a mountain pasture band, and if the sheep are afraid of the dog they will invariably run uphill, rather than down. You have your answer. The ancestors of the domestic sheep, like wild sheep of the present day, lived among high mountains and needed their woolly covering to protect them against the constant cold of high atmospheres. They chose the high and inhospitable region to live in because they found the fierce flesh-eating animals of the plains too strong for them. A proof of these facts is that wool grows on a sheep the year 'round.—Chicago News.

Disinfection of Streets.

The London streets in summer are carefully disinfected by means of water carts, which are at work day and night, while the openings of the sewers are also strewn with a disinfectant powder of the same sort as that used in solution for the water carts. The powder used in watering the streets is commercially pure potassium permanganate or permanganate of potash, a powerful oxidizing agent. One ounce is sufficient for 100 gallons of water.

What is Kodol Dyspepsia Cure? It is the newly discovered remedy, the most effective preparation ever devised for aiding the digestion and assimilation of food, and restoring the deranged digestive organs to a natural condition. It is a discovery surpassing anything yet known to the medical profession. W. N. Salisbury.

EVEN UP.

Beloit Takes the Second Game.

Beloit defeated the 'Varsity yesterday in a hotly contested game, by a score of 4 to 1. Michigan started out well in the first inning. Snow beat out an ideal bunt, stole second, and came home on Adkins throw through second. Lunn followed with a hit but died on second. Beloit went out in one, two, three order in their half. Matteson started the second with a hit, but was caught at second by McMaster's pretty throw, whose throwing to second was one of the features of the game. Neither side was able to score until the 6th. Beloit getting only two men to the first in the whole five innings. In the sixth Merrill started out by striking out, McMaster followed with a hit and took second on Blencoe's miff of Lehr's throw to catch him napping. He then stole third, and started home on Brown's bunt. Lehr fielded the ball cleanly to Lunn, but McMaster slid in to him knocking the ball out of his hand and hurting his wrist. Adkins followed with a hit scoring Brown. In the 7th Beloit added two more. Blewett bunted and Blencoe muffed Lehr's throw, letting the runner to second, but he died at second. Eaton escaped a double play by fast sprinting. Brown followed with a hit and Mohr overthrew third base, scoring Eaton and giving Brown third, who scored a moment later on Merrill's bunt to Mattison. Neither side could score farther, but Michigan made a strong bid in the ninth. "Sally" Lunn made a two-bagger, and Davies sacrificed him to third, but the necessary hit did not come and he died there. Miller took Mohr's place in the 7th.

The tabulated score follows:

MICHIGAN.									
A. B. R.	H.	P. O.	A.	E.					
McGinnis, c. f.	4	0	1	0	0	0	0	0	0

Michigan 1 0 0 0 0 0 0 0—1
Beloit 0 0 0 0 2 2 0 0—4

Two base hit—Lunn. Stolen bases—McGinnis, Snow, Blencoe, McMaster. Hit by pitcher—Miller, R. Brown. Struck out—By Lehr 6, by Adkins 6. Left on bases—Michigan 7, Beloit 4. Umpire—Tyndall.

Annual Reception.

The Students' Christian Association gives an informal reception this evening in Newberry Hall to Professor D'Ooge and the Board of Trustees. Dr. D'Ooge, who is President of the Board, goes to Europe on a year's leave of absence immediately after commencement, so that the annual reception is especially in his honor. Faculty and friends and members of the Association are cordially invited. The reception is from eight to ten, and is wholly informal.

Medics and Laws.

The senior medics and laws left for Pontiac this morning over the Ann Arbor. It is the yearly custom for the seniors of the two departments to make a visit to the insane asylum at that city, and to make a study of the relation of insanity to the medical cases. Drs. Herdman and Solis will accompany the students.

TELLS OF HIS NEEDS.

Otis Says That 30,000 Troops Will Be Necessary.

FULL DISPATCH NOT MADE PUBLIC.

Secretary Alger Intimates That a Call for 10,000 Volunteers May Be Made—Murder of Capt. Tilley Is Avenged.

Washington, June 2.—Replying to the inquiries of the secretary of war, Gen. Otis telegraphs that he is still of the opinion that 30,000 troops will be necessary for the effective control of the Philippines.

Secretary Alger took Gen. Otis' cablegram to the president, and after a conference with him stated that the text of the dispatch would not be made public as it contained other matters besides an answer to his inquiry of Wednesday.

"It reaffirms Gen. Otis' estimate made some time ago," said the secretary, "that 30,000 men would be sufficient to cope with the situation. As I stated Wednesday, the regulars now on the way or under orders to go to the Philippines will give Gen. Otis about 24,000 or 25,000 men after the withdrawal of the volunteers."

May Call for 10,000 Volunteers.

"Where will the additional 5,000 or 6,000 men for whom Gen. Otis asks come from?" the secretary was asked.

"That has not been definitely determined as yet," he replied.

"We may be able to take the additional troops asked for from the regulars now located in this country, Cuba and Porto Rico, or it may be found advisable to muster in volunteers."

"In case it is decided to call for volunteers the call only be for the 5,000 or 6,000 men necessary to bring Gen. Otis' total up to 30,000?"

"If volunteers are called for," replied the secretary, "the call will probably be for 10,000 men."

Treacherous Natives Punished.

Washington, June 2.—The war department has received the following dispatch from Gen. Otis at Manila, dated June 1:

"Smith reports from Negros that he has punished insurgents who murdered Capt. Tilley; that eastern coast of island is now under American flag and inhabitants ask protection against robber bands; the bands pursued into mountains by United States and native troops severely punished."

Gen. Lawton's New Command.

Manila, June 2.—Gen. Lawton has been given command of the defenses of the city and troops forming the line around Manila, which will be his division.

Gen. MacArthur commands the outlying garrisons and the troops holding the railroad and river.

Another Engagement.

London, June 2.—A special dispatch from Manila says that the insurgents attacked the outposts of the Fifty-first Iowa regiment at San Fernando, and that two Americans were hit.

Aguinaldo Gets \$200,000.

Seattle, Wash., June 2.—The Hong-Kong Daily Press reports that the claim made upon the Hong-Kong and Shanghai bank by Aguinaldo for \$200,000 deposited with the bank, has been settled. The money has been paid over to Aguinaldo's representatives.

Hope for Mrs. Maybrick.

London, June 2.—The Daily Chronicle announces that Mrs. Florence Maybrick is likely to be liberated shortly, as the result of the pressure brought to bear by Mr. Joseph H. Choate, United States ambassador, in favor of reopening the case.

New Paper Mill.

Wausau, Wis., June 2.—The Wausau Paper Mills company has been incorporated with a subscribed capital stock of \$150,000, and work upon the plant will be begun June 15.

CALUMET Baking Powder

NONE SO GOOD.

"That said committee be requested to cooperate with the national committee in perfecting a thorough organization of the democratic party throughout all the states and territories of the United States, the president of this association to name the committee."

President Tarvin, after the adoption of the resolution, appointed the following gentlemen upon the committee: John P. Altgeld, Illinois; George Fred Williams, Massachusetts; W. J. Overmeyer, Indiana; W. J. Semonin, Kentucky; Allen W. Clark, Indiana. President Tarvin is a member by virtue of the resolution.

Bimetallism the True Issue.

The first speaker on the programme for the afternoon session was Hon. P. Wat Hardin, of Mercer county. He was greeted with rounds of hearty applause. The speaker lost no time in getting down to a discussion of the financial question. He dealt with the issues, which arise therefrom, from the time money was first circulated as a standard of value, and in brief history brought his topic down to the present day. Mr. Hardin gave it as his opinion that bimetallism is the true issue confronting the democracy of the United States and the one upon which, with W. J. Bryan at the head of the party, will march to triumphant victory in 1900.

Hon. William Goebel, of Covington, followed Mr. Hardin. His speech was very brief and the gist of it was to the effect that the democratic party in the selection of a presidential candidate for the campaign of 1900 need look no farther than William J. Bryan and the Chicago platform. The trust issue, he thought, was of secondary importance to the question of bimetallism and one which, under the changes which bimetallism would produce upon the nation, would be of easy solution.

After Mr. Goebel Hon. William J. Stone made a brief speech, covering in substance pretty nearly the same ground previously gone over by Gen. Hardin and Mr. Goebel and invoking the adherence of all good democrats as a unit to the principles enunciated in 1896 at Chicago. With these in sight and Mr. Bryan at the helm the good ship of democracy could scarcely fail to win the port of success. At the conclusion of Mr. Stone's address the convention adjourned for supper.

The Night Session.

President Tarvin called the night session to order at eight o'clock and introduced Hon. Henry Warrum, of Indiana. He opened by saying that he brought good greetings from the Hoosier state; that the democracy of Indiana had remained steadfast in its determination to have the principles as enunciated in the Chicago platform prevail, and that it would continue until bimetallism had been successful. The speaker directed his remarks to the proposed elimination of the financial question from the next national democratic platform, claiming that it was the work of designing politicians who wished to surrender the principles of democracy, supplanting the money question. He closed with an exhortation to stand by bimetallism and victory would be the result. An uproar of applause greeted Mr. Warrum as he took his seat.

The committee on a place for meeting for 1900 recommended that the selection of a place be deferred and that it be referred to a committee with power to act and to issue a call in the name of the executive committee. The report was adopted.

Officers Elected.

The committee on officers for the ensuing year made the following report, which was unanimously adopted:

President—James P. Tarvin, Kentucky; vice president, E. F. Van Vorhis, Indiana; D. S. Oliver, Ohio; S. M. Biddison, Illinois; W. J. Semonin, Kentucky; John P. Altgeld, Illinois; John Overmeyer, Indiana; Louis Stentz, Ohio; Thomas Tandy, Kentucky; secretary, Allen W. Clark, Indiana; treasurer, Adam Heimburger, Indiana.

The executive committee shall consist of all the above named officers, together with the following members:

F. J. Deller, George E. Downey, Indiana; James W. Orr, Nober Gottlieb, Illinois; C. V. Hull, H. C. Cordery, Ohio; Ramsey Washington, Joseph L. Rhinock, Kentucky.

President Tarvin introduced Hon. E. B. Finley, of Ohio, who spoke at some length. He said that in addition to the vital issues presented by the Chicago platform, we will have the new question of so-called territorial expansion, which being an untried experiment and a departure from the American system, is perhaps the most important question that the American people have had to meet. In forming our line of battle for 1900, he was opposed to taking any backward steps. He was for the Chicago platform in its entirety without the change of a single line or word.

With a glowing eulogium, President Tarvin then introduced Hon. George Fred Williams, of Massachusetts, who was given the most enthusiastic reception of the evening. His remarks were along the lines of the other speakers of the day.

The Resolutions.

The committee on resolutions submitted the following report, which was

convention of 1900 of the financial plank in the Chicago platform of 1896 without change.

"Fourth—We believe that the trust is the result, in large measure, of the methods that have been used, among which is the demonization of silver, by which the volume of currency has been kept below the demands of business. We favor the destruction of the result as well as the removal of the cause. The establishment of independent bimetallism at sixteen to one would do more to cripple or to destroy the organization and operation of the trust than any other single act. We favor and recommend, therefore, the adoption by the democratic national convention of 1900 of an appropriate and specific declaration against the organization and existence of the trust and a promise of legislative and executive action tending to their extermination."

"Fifth—We hereby express our continued confidence in William Jennings Bryan, and favor his nomination for the presidency of the United States in 1900."

THE BABY IS FOUND.

Marion Clark, the Kidnaped Child, Discovered in a Farmhouse Near Sloatsburg, N. Y.

Garnerville, N. Y., June 2.—Marion Clark, the 21-month-old child kidnaped from her parents, Mr. and Mrs. Arthur Clark, of New York city, on May 21, was discovered two miles south of Sloatsburg, a village about eight miles from here, Thursday afternoon. She was found at the farmhouse of Charles Youmans and was in custody of Mrs. Jennie Wilson, who took the baby to that place during the early part of last week. Mrs. Wilson was accompanied by her husband and stated to Mrs. Youmans that she wanted board for the little girl for the summer. Mrs. Wilson said that she had made arrangements with her husband to send all correspondence to her by way of the St. Johns post office, which is a few miles from Sloatsburg. Mrs. Wilson called at the St. Johns post office a number of times during the past few days.

Wednesday morning Mrs. Wilson went to the post office, taking Marion with her, as she had done on several occasions before. Mrs. Carry, the postmistress, delivered to her only one letter. The Clark baby attracted the country people by her appearance, her large blue eyes and pink complexion being particularly noticeable. The curiosity which the child aroused made her captors grow uneasy, and they kept her closely confined at the Youmans home. As soon as the notices of the abduction reached the neighborhood the people began to suspect that the child was Marion Clark. They felt positive of it because the child wore the same clothes as at the time when she was stolen.

As soon as Deputy Sheriff William H. Charlston learned of the abduction he, taking his clews from pictures of the child and the descriptions given him by people who saw her, went to the farmhouse of Charles Youmans and found Mrs. Wilson, from whom he demanded the child. Mrs. Wilson was indignant and claimed she knew nothing whatever of the child. The deputy sheriff produced a warrant, arrested the woman and demanded information as to the whereabouts of the child. At this Mrs. Wilson weakened and made a confession. The baby was then produced and the sheriff took both prisoner and child to Magistrate Herbert at West Haverstraw.

Mrs. Wilson refuses to make a full statement. She is the daughter of Mrs. J. J. McNally, of Goshen, N. Y., to whom she wrote a letter explaining her plight. Marion Clark, the child, is in good health. She has no hat and her shoes show much rough handling. Her clothing is also much soiled. The identification is complete, even to the red birthmark described in the circulars issued by the chief of police of New York. Arthur Clark, the father of the abducted baby, arrived here at 6:30 o'clock Thursday evening, accompanied by Sergt. Morris, of Capt. McClusky's staff. Mr. Clark immediately identified the child found in the custody of Mrs. Jennie Wilson by Deputy Sheriff Charlston as his lost Marion.

A Soldier's Burial.

Washington, June 2.—The funeral of Col. John M. Stotsenberg, of the First Nebraska regiment, took place at Arlington cemetery Thursday afternoon. Rev. S. J. Wallace was the officiating clergyman. Three troops and the headquarters' band of the Third cavalry participated in the funeral ceremonies. President McKinley, Secretary Alger and Adj. Gen. Corbin were present at the exercises. Among the many tokens of affection and esteem placed upon the grave of the gallant soldier were two handsome floral tributes from President McKinley and Assistant Secretary of War Meiklejohn.

The Public Debt.

Washington, June 2.—The monthly statement of the public debt shows that at the close of business May 31, 1899, the debt, less cash in the treasury, amounted to \$1,165,891,407, a decrease as compared with last month of \$3,695,857. This decrease in the debt is accounted for by an increase in the cash on hand.

ENTERED AT THE P. O. AT ANN ARBOR AND YPSILANTI AS SECOND CLASS MATTER.

The Joint Traffic association has decided to combat government ownership of the railroads as an experiment altogether too expensive even for this rich country. In proof of this assertion it is stated that the 184,428 miles of railroads in the United States is capitalized at \$10,635,008,074, or nearly \$60,000 per mile. Add to this capitalization the funded debt of \$5,364,645,255, and we have a grand total of about \$16,000,000,000. It is taken for granted that if the government should elect to assume railroad ownership it would be stupid enough to pay the exorbitant and utterly ridiculous capitalization of \$60,000 a mile for the various lines. This capitalization is more than two-thirds of it pure water; but the government does not contemplate ownership just at present, and, therefore, this argument is gratuitous.

The so-called legislative farmers' club, with headquarters at the capital, evidently mean business. According to a Lansing dispatch, it has decided to push a bill to place a specific tax on the output of copper and iron mines. The bill was prepared by Fred A. Baker, of Detroit, and is in the hands of Representative Goodyear. It proposes to tax copper mines according to their output, the rate being one-half cent on mines producing 50,000,000 pounds or more per year, and running down to one-sixteenth of a cent on the smaller mine. The one-half cent tax would catch only the Calumet & Hecla, and mines like the Tamarack, Quincy and Osceola would pay one-quarter of a cent. The tax on iron is placed at three cents a ton, but this may be reduced to two cents. It was also decided to refuse to set any day for adjournment until the senate has passed this bill, as well as a measure to raise the tax on railroads.

And again the unexpected has happened. His Excellency, the Governor of Michigan, the Honorable Hazen S. Pingree, refuses to sign the University one-fourth mill tax bill passed by both houses of the legislature, and has sent a special message to the legislature setting forth his reasons, which appear in another column of this issue of The Times, why the amount of money to be appropriated for the needs of Michigan's great educational institution, should be curtailed. The action of the governor is certainly a great disappointment to the friends of the University, who are anxious to see the institution prosper and keep pace with the growth of the great state of Michigan. Evidently the governor is carrying out his program of refusing to sanction any appropriation bills as passed by the houses until some provision shall have been made for increasing the taxation on corporations. But why should the innocent be made to suffer for the wrongs of the guilty?

LAST NIGHT 52 WOMEN RODE THE L. O. T. M. GOAT.

Last evening in Maccabee hall Arbor hive initiated 52 members. Sixty-four ladies had been balloted on, but as the returns were not back from the great medical examiner all were not initiated.

The initiatory services were conducted by the deputies who are attending the school of instruction. The work was exceptionally well done and elicited great applause.

At the close of the initiatory work remarks were made by Mrs. Frances E. Burns, St. Louis; Mrs. Rose E. Colgrove, Hastings; Dr. Emma D. Cook, Detroit, and Miss Emma E. Bower.

Lemonade and cake was served to over two hundred ladies. Visitors were present from Saline, Ypsilanti, Clinton, Dexter and other towns.

REGENTS ABANDONED THEIR MEETING YESTERDAY.

The meeting of the finance committee of the regents fell through yesterday on account of the governor's attitude toward the University bill. Regents Farr and Kiefer, of the finance committee, came to complete the University budget for next year. The latest reports from the governor relating to a possible veto of the university bill led them to abandon the meeting and let the budget rest until the indefiniteness clears away. They also decided to abandon the proposed regents' meeting of June 9 and call the regents together June 20, to spend several days clearing up the year's business.

Yesterday morning Regents Farr and Kiefer met President Angell and Secretary Wade in front of the law building, and held down the campus walk for an hour of animated discussion. Secretary Wade flashed an encouraging telegram from Senator Ward, and the regents thought the University would come through all right, but nevertheless decided to go home without attempting to do any business. During the discussion passers-by got an inkling of the seriousness of the situation by hearing a vigorous word shoot from the lips of the venerable president.

INSIDE OF THREE WEEKS.

PAVING WILL BE STARTED ON WASHINGTON ST.

BOARD OF PUBLIC WORKS DECIDES UPON BRICK.

The board of public works held a meeting last evening and opened up the bids for the paving job on Washington st., from Ashley to Fifth ave. The asphalt people made a nifty bid to get the contract. The total amount of the costs under the different bids was as follows:

Warren Scharf Co. (asphalt).....\$13,839 50
John J. Granville (brick).....12,017 00
William Clancy (brick).....11,824 00

It will be seen that Mr. Clancy's bid was \$293 under Mr. Granville's. The board then adjourned until this afternoon in order to give the property owners a chance to appear before them and decide which style of paving, asphalt or brick, should be used.

J. D. Ryan said he had learned of the difference in prices of asphalt and brick and that he then passed around a petition among the property owners with the result that he got 33 signers for brick on the ground that it is more economical and more easily kept in repair. He said that the majority were in favor of brick regardless of the price between that and asphalt. He said that for business streets he was heartily in favor of brick. These 33 represented a big majority of the property owners.

Mr. Keech moved that the property owners select three of their number, to act with the board of public works, to go to Detroit and look over which style of brick they desire to be used on Washington st. O. M. Martin, Wm. Herz and Louis Weinman were selected.

Mr. Schleicher moved that the bid of Wm. Clancy be accepted, and it was adopted unanimously.

Mr. Clancy was asked how soon work would be commenced. Said he: "It all depends on how quick that committee acts. When they let me know what kind of brick they want used, I will order the material immediately. But I think that work will be started inside of three weeks."

REICHERT DIVORCE CASE WILL BE APPEALED.

The celebrated Reichert divorce case was finished yesterday afternoon at 4 o'clock.

It was clearly a case where the wife desired a divorce and a division of the property, while the husband swore that he was willing to take her back to live with him and that he would do all he could to make her happy.

The acts of cruelty alleged in the bill of complaint were not proven to the entire satisfaction of the court, and at the conclusion of the case Judge Kinne declined to grant a decree.

He said that it was the duty of the parties, in the interest of themselves and their children, to try and live together and be happy. Attorney Sawyer said that this was impossible and that he would appeal the case to the supreme court. Judge Kinne said he thought the attorneys should advise an ending of the matter then and there. However, Mr. Sawyer claims that he will carry the case up.

UNCLAIMED LETTERS.

Boyce, Libbie
Braun, Martha (2)
Bury, Fred

IS PRESIDENT ANGELL ABOUT TO BE DEPOSED?

RUMORS OF A CONTEMPLATED CHANGE IN THE U. OF M.

AND THAT DEAN HUTCHINS MAY BE PRESIDENT NEXT YEAR.

It is with a great deal of reluctance that The Times feels obliged to make more public the rumors that have been floating around in University circles concerning a matter of deep import to the institution, but these rumors have assumed such dimensions that their publicity in their entirety is only a question of a few weeks, and, in consequence, it feels that no injury can be done anyone so long as the matter is soon to be brought out in a more authoritative way.

It is stated that there are three members of the board of regents who stand ready to promote President Angell's resignation, and that there are others on the board who will accept it if it is tendered. There is not a single member of the board who does not give Dr. Angell all due respect, honor and credit for the work he has accomplished in bringing the University of Michigan from the insignificant standard of other state institutions of the West up to the standard that is surpassed by none that are backed by the millions of private endowments and the prestige of years.

Dr. Angell has, it might be said, devoted his life energy, education and eminent discretion to the attainment of his cherished hopes for the institution, and his great and wonderful accomplishment has made for him an endearing monument that is as grand as it is immortal, and as immortal as it is grand. There is a feeling among the board that he is entitled to more of a rest than the arduous duties of the presidency devolves upon the incumbent, and that a younger man is necessary to perform the more active duties of that position. There is an underlying trend of action looking towards the supplanting of Dean Hutchins for the head of the institution, and if not the

decapitation, the shelving of Dr. Angell as president eminent.

It is further said that the hastening of this contemplated action on the part of the board is due to the fact that the University of Iowa has been negotiating with Dean Hutchins to accept the presidency of that institution, and the rumor has it that when Prof. Hutchins went to Iowa City to look the ground over he received a telegram from some one or more members of the board here that gave him such an assurance of what was in store for him at Ann Arbor, that he declined to enter into any further negotiations with the Iowa board of regents, and that he gave out an official statement at the time that the question of tendering him the presidency had not been considered by the board of regents of Iowa, but it always did look very suspicious that he should take a special trip out there unless it was to talk the matter over with the governing power of that western institution.

Dean Hutchins made a most efficient acting president while Dr. Angell was in Turkey as minister from the United States, but Dr. Angell has a host of friends of the institution who would hate to see him displaced at this time.

The Times only repeats that there are rumors afloat on the lines above reported, and these rumors say that the change will be attempted to be made during the coming commencement week.

If there is any fight to ensue, it is not The Times', which is simply giving to the public at this time what is due them from a public paper.

The friends of Dr. Angell are entitled to become acquainted with these rumors. If they are true, they want to know them.

Some might ask why their truth or falsity is not confirmed or denied by those in authority, but to anyone who has ever tried to get any news out of those authorities, except just that much which they wished published, the uselessness of such an attempt is very manifest.

The only thing to do is to await developments.

PING. WANTS TO COMPROMISE. LANSING ROAD WON'T BE BUILT

ASKS THE SENATE TO RECALL UNIVERSITY BILL.

BEFORE HE ACTS UPON THE MEASURE.

The following is Governor Pingree's message to the legislature in regard to the University bill:

To the Senate: For the same reasons given in my communication to you of May 21, relating to the appropriation for the state agricultural college, I respectfully request that you recall senate bill No. 482 providing for an increase of the mill tax for the state university, so that you may give it further consideration before I act upon it. I desire to recommend that you amend the bill by fixing the tax at one-fifth of a mill on each dollar of taxable property, instead of one-fourth of a mill.

At the present rate, namely, one-sixth of a mill, the university receives \$134,000. At one-fifth of a mill it would receive \$220,800, an increase of \$86,800 per year, of \$73,600 for the years 1899 and 1900. At one-fourth of a mill it would receive \$276,000.

It will therefore be seen that if the mill tax is reduced from one-fourth of a mill, as provided in senate bill No. 482, to one-fifth of a mill, the saving to the state will amount to \$55,200 per year, or \$110,400 for the years 1899 and 1900.

I would also recommend that you amend the bill so that the tax to be levied in 1899 shall cover the appropriation for the period commencing Jan. 1, 1899, and closing June 30, 1900, and the tax for 1900 cover appropriations for the fiscal year commencing July 1, 1900, and closing June 30, 1901. This suggestion is made so that this appropriation shall conform to other appropriation laws of the state for the fiscal instead of the calendar year. This change is requested by the state accountant, and it seems to me should be made.

I fully appreciate the needs of our state university, but in view of the large appropriations asked for and of the fact that no laws have as yet been passed to make property now escaping taxation pay its share of these appropriations, I believe that the university, in common with all state institutions,

In conversation with Mr. Birkett Monday upon the status of the Lansing, Dexter and Ann Arbor electric road project, he informed a Dexter reporter that, owing to the advance in material and labor of about 25 per cent, which would make the cost of the road \$200,000 more than in last December, Westinghouse, Ker & Co. have abandoned the project for the present.

He also stated that Mr. Wilmot, of Detroit, who had the first option on the construction, wants another, but, in Mr. Birkett's judgment, the conditions are not practicable.

While the project has not by any means been given up, it looks very much as though circumstances might cause an indefinite delay in the construction of the road.

THE FACULTY CONCERT WAS ITS USUAL SUCCESS.

Nearly every seat was taken last evening at the faculty concert, which was a pleasant surprise to both artists and the management. The program given was probably the finest of the season, and this being the last concert extra pains in selecting the numbers seemed to have been taken. The numbers for two pianos, given by Miss Von Grave and Mr. Jones, were very well applauded. The "Marche Heroique," by Saint Saens, and the "Spanish Rhapsody," by Chabrier, received much applause. Mr. Lamson gave a group of three beautiful songs by Chadwick. Never before at a faculty concert has Mr. Lamson been in better voice than last evening. He gave his three numbers in a very artistic manner, and especially fine was his rendition of the third, "He Maketh Wars to Cease."

INJUNCTION AGAINST THE Y. & S. RAILWAY MODIFIED.

The injunction of Caplin vs. the Ypsilanti & Saline road was argued before Judge Kinne today.

The complainants live three miles west of Ypsilanti and own property for three-quarters of a mile on both sides of the highway, and they claimed the building of the road would injure their property by reason of its being built so close to their road fence that their teams could not get in and out of the gates without going over the cuts and fills. Attorney Brown asked that condemnation proceedings be instituted and that the railway company be made to pay damages before building the road.

Judge Kinne, however, modified the injunction with an order that the company lay the railway in conformity with the natural grade of the highway, (without any cuts and fills) for a distance of 20 rods each side of the dwelling; that it should not be built within 10 feet of the highway fence on the side of the road on which stands the dwelling, or that it shall go on the other side of the highway; and that the company furnish a bond to pay all damages that may hereafter be determined against it by reason of the building of the railway in front of the Caplin farm.

TWO-THIRDS OF A JAW

REMOVED FROM AN OWOSSO MAN AT THE HOSPITAL.

HE WILL BE FURNISHED WITH AN ARTIFICIAL JAW.

Another extraordinary operation was performed at the University hospital this week by Dr. Nancrede, assisted by Drs. Darling and Spitzley.

A man named Sligh, from Owosso, came here to be treated for a cancer trouble of the upper jaw. The surgeon made an operation by which nearly three-quarters of the jaw was cut away. As soon as this heals up an artificial rubber used by dentists for false teeth, will be made and attached on to the part remaining, and the patient will present to all outside appearances the same countenance as if the operation had never been performed, and it is confidently expected that the new jaw will perform the same functions and with the same facility as the one provided by nature.

The professor of dentistry has devised some strong attachments which makes these artificial substitutions nearly as strong as the natural ones.

Just at present Mr. Sligh is being fed through a tube and will be compelled to submit to this kind of nourishment until what remains of his jaw is healed up.

LAST SONG SERVICE AT PRESBYTERIAN CHURCH.

The Presbyterian church will have their last song service of the season next Sunday evening, June 4, when the musical program will be as follows:

Prelude—"Fantaisie Pastorale".....Renaud
Anthem—"Praise the Lord".....Randegger
Tenor solo—"Callest Thou Thus, O Master".....Mietzke

Offertory, duet—"Thou Grace Divine".....Marston
Miss Otis and Mr. Watson.

Quintet—"Seek Ye the Lord".....Roberts
(Tenor obligato by Mr. Watson.)
Soprano solo—"O Divine Redeemer".....Gounod

Miss Daisy Burke.
(Violin obligato by Miss Matern.)

Quartet—"Nearer, My God, to Thee".....Hanscom

Mr. Watson, Mr. Draa.
Mr. Povey, Mr. Almsmeyer.

(Soprano obligato by Miss Young.)
Postlude—Finale from Sonata No. 4.....Gullmunt

The quartet of the Unitarian church choir will assist at this service.

GREAT WALLACE SHOWS COMING TO ANN ARBOR.

Mr. D. F. Lynch, one of the numerous general contracting agents in the employ of the Great Wallace Shows, has perfected arrangements for the coming of that mammoth institution to Ann Arbor on Monday, June 19.

The layman has but little if any conception of the vast amount of detail which attaches to the conduct of one of these great circuses. A reporter had a talk with Mr. Lynch, who enumerated a schedule of his contracts and the variety, size and number of his riders, are almost past belief. It is for this reason that the contracting agents have to travel three and four weeks ahead of the show. It is necessary to give the feed man, the grocer, the baker, etc., etc., time in which to prepare

STATE OF MICHIGAN, COUNTY OF WASHTENAW, ss.—At a session of the Probate Court for the County of Washtenaw, holden at the Probate office in the City of Ann Arbor, on Monday, the 23d day of May, in the year one thousand eight hundred and ninety-nine.

Present, H. Wirt Newkirk, Judge of Probate.

In the matter of the estate of John Cubitt, deceased.

Notarially verified, of George Cubitt, praying that the administration of said estate may be granted to himself or some other suitable person.

By virtue of a writ of fieri facias issued out of the Circuit Court for the County of Washtenaw in favor of John E. Elsworth against the goods and chattels and real estate of Martin Caplin, in said county, to me directed and delivered, I did on the 8th day of September, A. D. 1897, levy upon and take all the right, title and interest of said Martin Caplin in and to the following described real estate, that is to say: All that certain piece or parcel of land situate and being in the township of Ypsilanti, in the County of Washtenaw, and State of

GOODYEAR'S DRUG STORE.

alized at \$10,635,008, 9/4, or nearly \$90,000 per mile. Add to this capitalization the funded debt of \$5,364,645,255, and we have a grand total of about \$16,000,000,000. It is taken for granted that if the government should elect to assume railroad ownership it would be stupid enough to pay the exorbitant and utterly ridiculous capitalization of \$60,000 a mile for the various lines. This capitalization is more than two-thirds of it pure water; but the government does not contemplate ownership just at present, and, therefore, this argument is gratuitous.

The so-called legislative farmers' club, with headquarters at the capital, evidently mean business. According to a Lansing dispatch, it has decided to push a bill to place a specific tax on the output of copper and iron mines. The bill was prepared by Fred A. Baker, of Detroit, and is in the hands of Representative Goodyear. It proposes to tax copper mines according to their output, the rate being one-half cent on mines producing 50,000,000 pounds or more per year, and running down to one-sixteenth of a cent on the smaller mine. The one-half cent tax would catch only the Calumet & Hecla, and mines like the Tamarack, Quincy and Osceola would pay one-quarter of a cent. The tax on iron is placed at three cents a ton, but this may be reduced to two cents. It was also decided to refuse to set any day for adjournment until the senate has passed this bill, as well as a measure to raise the tax on railroads.

And again the unexpected has happened. His Excellency, the Governor of Michigan, the Honorable Hazen S. Pingree, refuses to sign the University one-fourth mill tax bill passed by both houses of the legislature, and has sent a special message to the legislature setting forth his reasons, which appear in another column of this issue of The Times, why the amount of money to be appropriated for the needs of Michigan's great educational institution, should be curtailed. The action of the governor is certainly a great disappointment to the friends of the University, who are anxious to see the institution prosper and keep pace with the growth of the great state of Michigan. Evidently the governor is carrying out his program of refusing to sanction any appropriation bills as passed by the houses until some provision shall have been made for increasing the taxation on corporations. But why should the innocent be made to suffer for the wrongs of the guilty?

LAST NIGHT 52 WOMEN RODE THE L. O. T. M. GOAT.

Last evening in Macabee hall Arbor have initiated 52 members. Sixty-four ladies had been balloted on, but as the returns were not back from the great medical examiner all were not initiated.

The initiatory services were conducted by the deputies who are attending the school of instruction. The work was exceptionally well done and elicited great applause.

At the close of the initiatory work remarks were made by Mrs. Frances E. Burns, St. Louis; Mrs. Rose E. Colgrove, Hastings; Dr. Emma D. Cook, Detroit, and Miss Emma E. Bower. Lemonade and cake was served to over two hundred ladies. Visitors were present from Saline, Ypsilanti, Clinton, Dexter and other towns. A fact well worthy of mention is that out of the 52 candidates initiated only six joined as social members.

Arbor 'hive is to be congratulated on its large class, and the prospect is now that on July 1 it will receive the prize banner which will be awarded for the largest endowment membership.

PERSONAL MENTION.

Mayor Luick is in Detroit today. Horace Dunning is in Detroit today. Fred Jarvis, of Brighton, was in the city yesterday. B. C. Whitaker, of Dexter, was in the city yesterday. Mrs. Joseph Baumgartner, of Detroit, was in the city yesterday. Herbert Griest and Robert Moore are visiting friends in Detroit. Eugene Cummings and son Roy, of Marshall, Mich., are in the city. Prof. and Mrs. Renwick returned from Saginaw yesterday afternoon. Ex-Sheriff William Judson attended the funeral of Albert Pack in Detroit today. Mrs. Frank Parker, of Ann st., is spending a few days with friends in Detroit.

Mrs. John V. Sheehan, of E. Huron st., has just returned from the South, accompanied by her son, Freddy Duck-et, who has been spending the winter in Florida.

THREE WEEKS.

PAYING WILL BE STARTED ON
WASHINGTON ST.

BOARD OF PUBLIC WORKS DE-
CIDES UPON BRICK.

The board of public works held a meeting last evening and opened up the bids for the paving job on Washington st., from Ashley to Fifth ave. The asphalt people made a nervy bid to get the contract. The total amount of the costs under the different bids was as follows:

Warren Soharr Co. (asphalt). \$13,329 50
John J. Granville (brick) 12,017 00
William Clancy (brick) 11,824 00

It will be seen that Mr. Clancy's bid was \$293 under Mr. Granville's. The board then adjourned until this afternoon in order to give the property owners a chance to appear before them and decide which style of paving, asphalt or brick, should be used.

J. D. Ryan said he had learned of the difference in prices of asphalt and brick and that he then passed around a petition among the property owners with the result that he got 33 signers for brick on the ground that it is more economical and more easily kept in repair. He said that the majority were in favor of brick regardless of the price between that and asphalt. He said that for business streets he was heartily in favor of brick. These 33 represented a big majority of the property owners. Mr. Keech moved that the property owners select three of their number, to act with the board of public works, to go to Detroit and look over which style of brick they desire to be used on Washington st. O. M. Martin, Wm. Herz and Louis Weinman were selected.

Mr. Schleicher moved that the bid of Wm. Clancy be accepted, and it was adopted unanimously. Mr. Clancy was asked how soon work would be commenced. Said he: "It all depends on how quick that committee acts. When they let me know what kind of brick they want used, I will order the material immediately. But I think that work will be started inside of three weeks."

REICHERT DIVORCE CASE
WILL BE APPEALED.

The celebrated Reichert divorce case was finished yesterday afternoon at 4 o'clock.

It was clearly a case where the wife desired a divorce and a division of the property, while the husband swore that he was willing to take her back to live with him and that he would do all he could to make her happy.

The acts of cruelty alleged in the bill of complaint were not proven to the satisfaction of the court, and at the conclusion of the case Judge Kinne declined to grant a decree.

He said that it was the duty of the parties, in the interest of themselves and their children, to try and live together and be happy. Attorney Sawyer said that this was impossible and that he would appeal the case to the supreme court. Judge Kinne said he thought the attorneys should advise an ending of the matter then and there. However, Mr. Sawyer claims that he will carry the case up.

of the board of regents who stand ready to promote President Angell's resignation, and that there are others on the board who will accept it if it is tendered. There is not a single member of the board who does not give Dr. Angell all due respect, honor and credit for the work he has accomplished in bringing the University of Michigan from the insignificant standard of other state institutions of the West up to the standard that is surpassed by none that are backed by the millions of private endowments and the prestige of years. Dr. Angell has, it might be said, devoted his life energy, education and eminent discretion to the attainment of his cherished hopes for the institution, and his great and wonderful accomplishment has made for him an endearing monument that is as grand as it is immortal, and as immortal as it is grand. There is a feeling among the board that he is entitled to more of a rest than the arduous duties of the presidency devolves upon the incumbent, and that a younger man is necessary to perform the more active duties of that position. There is an underlying trend of action looking toward the supplanting of Dean Hutchins for the head of the institution, and if not the

presidency had not been considered by the board of regents of Iowa, but it always did look very suspicious that he should take a special trip out there unless it was to talk the matter over with the governing power of that western institution.

Dean Hutchins made a most efficient acting president while Dr. Angell was in Turkey as minister from the United States, but Dr. Angell has a host of friends of the institution who would hate to see him displaced at this time. The Times only repeats that there are rumors afloat on the lines above reported, and these rumors say that the change will be attempted to be made during the coming commencement week.

If there is any fight to ensue, it is not The Times', which is simply giving to the public at this time what is due them from a public paper.

The friends of Dr. Angell are entitled to become acquainted with these rumors. If they are true, they want to know them.

Some might ask why their truth or falsity is not confirmed or denied by those in authority, but to anyone who has ever tried to get any news out of those authorities, except just that much which they wished published, the uselessness of such an attempt is very manifest.

The only thing to do is to await developments.

PING. WANTS TO COMPROMISE.

ASKS THE SENATE TO RECALL
UNIVERSITY BILL.

BEFORE HE ACTS UPON THE
MEASURE.

The following is Governor Pingree's message to the legislature in regard to the University bill:

To the Senate: For the same reasons given in my communication to you of May 21, relating to the appropriation for the state agricultural college, I respectfully request that you recall senate bill No. 482 providing for an increase of the mill tax for the state university, so that you may give it further consideration before I act upon it. I desire to recommend that you amend the bill by fixing the tax at one-fifth of a mill on each dollar of taxable property, instead of one-fourth of a mill.

At the present rate, namely, one-sixth of a mill, the university receives \$184,000. At one-fifth of a mill it would receive \$220,800, an increase of \$36,800 per year, of \$73,600 for the years 1899 and 1900. At one-fourth of a mill it would receive \$276,000. It will therefore be seen that if the mill tax is reduced from one-fourth of a mill, as provided in senate bill No. 482, to one-fifth of a mill, the saving to the state will amount to \$55,200 per year, or \$110,400 for the years 1899 and 1900.

I would also recommend that you amend the bill so that the tax to be levied in 1899 shall cover the appropriation for the period commencing Jan. 1, 1899, and closing June 30, 1900, and the tax for 1900 cover appropriations for the fiscal year commencing July 1, 1900, and closing June 30, 1901. This suggestion is made so that this appropriation shall conform to other appropriation laws of the state for the fiscal instead of the calendar year. This change is requested by the state accountant, and it seems to me should be made.

I fully appreciate the needs of our state university, but in view of the large appropriations asked for and of the fact that no laws have as yet been passed to make property now escaping taxation pay its share of these appropriations, I believe that the university, in common with all state institutions, should be required to develop new buildings and improvements until the next legislature convenes. Before that time if the present legislature enacts a law creating a state tax board which shall see that property, now escaping taxation, is placed upon the tax rolls, and if you authorize the submission of a constitutional amendment so that corporate property may be assessed and taxed upon its value, the constitutional limitations pointed out by the recent decision of the supreme court in the telephone cases will have been removed, and funds can then be provided to meet the needs of the state institutions without increasing the tax burden of the small property owners.

H. S. PINGREE,
Governor.

LANSING ROAD WON'T BE BUILT

FOR SOME TIME—PROJECT IS
INDEFINITELY POSTPONED.

ROAD WOULD COST \$200,000 MORE
NOW THAN WHEN PLANNED.

In conversation with Mr. Birkett Monday upon the status of the Lansing, Dexter and Ann Arbor electric road project, he informed a Dexter reporter that, owing to the advance in material and labor of about 25 per cent, which would make the cost of the road \$200,000 more than in last December, Westinghouse, Ker & Co. have abandoned the project for the present.

He also stated that Mr. Wilmut, of Detroit, who had the first option on the construction, wants another, but, in Mr. Birkett's judgment, the conditions are not practicable.

While the project has not by any means been given up, it looks very much as though circumstances might cause an indefinite delay in the construction of the road.

THE FACULTY CONCERT WAS ITS USUAL SUCCESS.

Nearly every seat was taken last evening at the faculty concert, which was a pleasant surprise to both artists and the management. The program given was probably the finest of the season, and this being the last concert extra pains in selecting the numbers seemed to have been taken. The numbers for two pianos, given by Miss Von Grave and Mr. Jonas, were very well applauded. The "Marche Heroique," by Saint Saens, and the "Spanish Rhapsody," by Chabrier, received much applause. Mr. Lamson gave a group of three beautiful songs by Chadwick. Never before at a faculty concert has Mr. Lamson been in better voice than last evening. He gave his three numbers in a very artistic manner, and especially fine was his rendition of the third, "He Maketh Wars to Cease." In this song many opportunities were given the singer for good execution, and Mr. Lamson did not miss them. The last phrase of this number, "He burneth the chariot," was particularly noticeable for power, fire, expression and correct intonation. The work of Herman A. Zeitz, violinist, and the songs of Miss Alice G. Bailey were, as usual, very well received. The concert was a success in every respect. The five principal members of the faculty spared no pains, seemingly, to make this last concert out-do all past efforts.

SUNDAY EXCURSION TO TOLEDO.
Sunday, June 4th, the Ann Arbor railroad will run an excursion to Toledo and return. Special train will leave Ann Arbor at 10:25 a. m. Fare for the round trip, 75 cents. For list of attractions at Lake Erie Park and Casino see excursion posters.

Special sale of new pillow tops, stamped linens, Battenberg designs and commenced pieces, for a few days, at Miss Markham's, 115 S. Main st. Be sure and see them.

What you want is not temporary relief from piles, but a cure to stay cured. DeWitt's Witch Hazel Salve cures piles, and they stay cured. W. N. Salisbury.

NERVES must be fed on pure, rich blood. Hood's Sarsaparilla is the best nerve tonic. By enriching the blood it makes the nerves STRONG.

OF A JAW

REMOVED FROM AN OWOSSO MAN AT
THE HOSPITAL.

HE WILL BE FURNISHED WITH AN AR-
TIFICIAL JAW.

Another extraordinary operation was performed at the University hospital this week by Dr. Nancrede, assisted by Drs. Darling and Spitzley.

A man named Sligh, from Owosso, came here to be treated for a cancer trouble of the upper jaw. The surgeon made an operation by which nearly three-quarters of the jaw was cut away. As soon as this heals up an artificial jaw, constructed of the ordinary rubber used by dentists for false teeth, will be made and attached on to the part remaining, and the patient will present to all outside appearances the same countenance as if the operation had never been performed, and it is confidently expected that the new jaw will perform the same functions and with the same facility as the one provided by nature.

The professor of dentistry has devised some strong attachments which makes these artificial substitutions nearly as strong as the natural ones.

Just at present Mr. Sligh is being fed through a tube and will be compelled to submit to this kind of nourishment until what remains of his jaw is healed up.

LAST SONG SERVICE
AT PRESBYTERIAN CHURCH.

The Presbyterian church will have their last song service of the season next Sunday evening, June 4, when the musical program will be as follows:

Prelude—"Fantaisie Pastorale".....Renaud
Anthem—"Praise the Lord".....Randegger
Tenor solo—"Callest Thou Thus, O Master".....Mietzke
Mr. Watson.
Offertory, duet—"Thou Grace Divine".....Marston
Miss Otis and Mr. Watson.
Quintet—"Seek Ye the Lord".....Roberts
(Tenor obligato by Mr. Watson.)
Soprano solo—"O Divine Redeemer".....Gounod
Mr. Watson.
Violin obligato by Miss Matern.
Quartet—"Nearer, My God, to Thee".....Hanscom
Mr. Watson, Mr. Draa.
Mr. Povey, Mr. Allmendinger.
(Soprano obligato by Miss Young.)
Postlude—Finale from Sonata No. 4.....Guilmant
The quartet of the Unitarian church choir will assist at this service.

GREAT WALLACE SHOWS
COMING TO ANN ARBOR.

Mr. D. F. Lynch, one of the numerous general contracting agents in the employ of the Great Wallace Shows, has perfected arrangements for the coming of that mammoth institution to Ann Arbor on Monday, June 19.

The layman has but little, if any, conception of the vast amount of detail which attaches to the conduct of one of these great circuses. A reporter had a talk with Mr. Lynch, who enumerated a schedule of his contracts and the variety, size and number of his orders, are almost past belief. It is for this reason that the contracting agents have to travel three and four weeks ahead of the show. It is necessary to give the feed man, the grocer, the baker, etc., etc., time in which to prepare for and have on hand enough supplies to meet the increased demand occasioned by the show.

Then the almost endless number of contracts for the department of subsistence must be seen to carefully. The Great Wallace Shows has six hundred and six people on the pay roll, and this vast number of people requires an efficient and well-organized commissary department to properly handle its dining service.

J. M. Shear, of Sedalal, Mo., saved his child from death by croup by using One Minute Cough Cure. It cures coughs, colds, pneumonia, la grippe and all throat and lung troubles. W. N. Salisbury.

STATE OF MICHIGAN, County of Washtenaw, ss.—Notice is hereby given, that by an order of the Probate Court for the County of Washtenaw, made on the 5th day of May, A. D. 1899, six months from that date were allowed for creditors to present their claims against the estate of Joseph A. Dibble, late of said county, deceased, and that all creditors of said deceased are required to present their claims to said probate court, at the probate office in the city of Ann Arbor, for examination and allowance, on or before the 6th day of Nov. next, and that such claims will be heard before said court, on the 5th day of August and on the 6th day of November next, at ten o'clock in the forenoon of each of said days.

Dated, Ann Arbor, May 5, A. D. 1899.

STATE OF MICHIGAN, COUNTY OF WASHTENAW, ss.—At a session of the Probate Court for the County of Washtenaw, holden at the Probate office in the City of Ann Arbor, on Monday, the 22d day of May, in the year one thousand eight hundred and ninety-nine.

Present, H. Wirt Newkirk, Judge of Probate.

In the matter of the estate of John Cubitt, deceased.

On reading and filing the petition, duly verified, of George Cubitt, praying that the administration of said estate may be granted to himself or some other suitable person.

Thereupon it is ordered, that Friday, the 16th day of June next, at ten o'clock in the forenoon, be assigned for the hearing of said petition, and that the heirs at law of said deceased, and all other persons interested in said estate, are required to appear at a session of said court, then to be holden at the Probate office in the City of Ann Arbor, in said county, and show cause, if any there be, why the prayer of the petitioner should not be granted.

And it is further ordered, that said petitioner give notice to the persons interested in said estate of the pendency of said petition, and the hearing thereof, by causing a copy of this order to be published in the Evening Times, a newspaper printed and circulating in said county, three successive weeks previous to said day of hearing.

(A true copy.)

Friday, June 24.—Presbyterian C. E. society final social given in church parlors.

Wednesday, June 28.—The university summer school opens.

Weather Probabilities.
Fair tonight; probably showers by Saturday afternoon or night.

Ann Arbor Locals.

Born, in Detroit, on Monday, May 29, to Dr. and Mrs. Homer E. Safford, a daughter.

Mr. and Mrs. J. P. Jordan left Thursday for Europe. They expect to spend several weeks in Scotland.

A grand concert is in preparation under the direction of Frank McIntyre, to be given in Germania hall soon.

Charles Carrao has leased the Sylvan Lake Inn, at Sylvan Lake, near Pontiac. He will take possession in a few days.

Chelsea Standard: J. D. Schnaitman and family will move to Ann Arbor in the near future, where they will make their home.

Rev. Dr. Reed Stuart, of Detroit, has gained a national reputation as a religious thinker and able preacher. He will occupy the pulpit of the Unitarian church next Sunday.

The funeral services of Mrs. Eva Frank were held yesterday afternoon at 2 o'clock at the residence of Jacob Frank, 544 Detroit st. The remains were interred in Fairview cemetery.

In the case of Charles Brandt against the D. Y. & A. A. railway yesterday in Justice Duffy's court, the jury awarded the plaintiff a judgment for \$100 damages. The railway will appeal to the circuit court.

Chelsea Herald: The Ann Arbor Evening Times of Friday said "Light Highball, of Chelsea, was in the city last evening." The reporter must have had more "highballs" than was good for him when he wrote that item.

Faculty, friends and members of the Students' Christian association are invited to an informal reception at Newberry hall this evening, given for Prof. D'Ooge and the board of trustees. Dr. D'Ooge, who is president of the board, goes to Europe on a year's leave of absence immediately after commencement, so that the annual reception is especially in his honor. The reception is entirely informal and is from 8 to 10.

Manchester Enterprise: John Reno, of Ann Arbor, was in town today.—Mr. and Mrs. Victor Kauffmann, of Ann Arbor, visited at G. A. Fausel's, Sunday.—Robert Hildinger went to Ann Arbor last week to consult physicians at the hospital.—Albert Stein and Miss Clara Miller, of Ann Arbor, visited Miss Rose Wuerthner, Sunday.—Willie Fau-

The Foley Guild picniced at Whitmore Lake today.

The senior medical class visit the insane asylum at Pontiac today.

F. J. McCaffery sent five carrier pigeons to Ypsilanti this morning.

The S. C. A. give a reception this evening at Newberry hall for Prof. M. L. D'Ooge.

The regular meeting of the Star of Bethlehem Lodge, No. 26, will be held this evening at 7:30 p. m.

Mr. and Mrs. W. L. Andrews, of La Porte, Ind., are visiting their son, who is attending college here.

Miss Condon, of S. University ave., gave a luncheon yesterday in honor of Mrs. Carl C. Warden, of Nashville, Tenn.

Prof. Renwick, organist, will play at the state music teachers' convention in Saginaw the latter part of this month.

John Elster died this morning in Detroit. He was a painter by trade and formerly lived in Ann Arbor. Cause of death was consumption.

It took just four hours last night to get the Andrew E. Gibson house moved across the track of the D. Y. & A. A. railway on Packard st.

The "Homeops" of the University will be given an opportunity to be heard in regard to the donation of a site for a hospital by the city of Ann Arbor.

Manchester Enterprise: Miss Margaret Clarkson, of Macon, cousin of S. W. Clarkson, of Ann Arbor, has been engaged to teach the grammar department of our public schools.

L. Giles Lewis, president of the Michigan Alumni society in Chicago, will speak upon the commercial side of pharmacy at 10 a. m. Monday, June 5, in Room B, chemical building.

Fifty Lady Maccabees were in the city last evening from Ypsilanti. Through The Times they wish to thank Mr. Jacobus, the D. Y. & A. A. ticket agent, for keeping the waiting room open for their accommodation until 1 o'clock.

To Manager Baird yesterday afternoon was repeated the "pipe" story of the erratic pilot of the irrepressible medium of such fairy tales, and not only did Baird deplore the fact that it was printed, but stated that he had no intentions of resigning his position here.

A very pretty wedding took place last evening at 920 W. Washington st., the contracting parties being Miss Matilda Wiesenmiller, whose home is in Monroe, and William Frey, of this city. Rev. Nicklas officiated. After the ceremony those present, to the number of 30, partook of a sumptuous wedding supper.

Tommy Hession, the pugilist, gave an exhibition in the postoffice last night for which he had to pay Justice Doty \$10 and costs this morning. He smote Paul C. Meyers one on the nose as a result of a misunderstanding of long standing, and Meyers came nearly running. He wouldn't stand it, in fact, and made a complaint before Justice Doty.

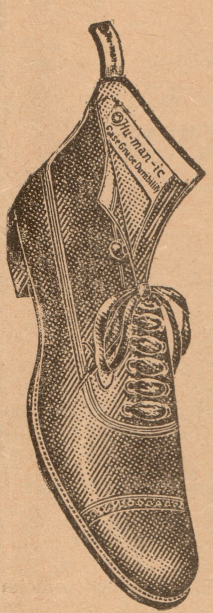

John Campbell, a boiler maker, who has sued James J. Keeley, of Jackson, Mich., for the loss of an eye, had the diseased member removed at the University hospital. Campbell, in his suit, sets forth that being inside the boiler, looking up, Mr. Keeley struck the rivet without warning and the end of the iron was driven into the young man's eye, which caused its loss.

Adrian Times: Fred Nichols received a letter today from Ann Arbor, stating his young son, who is still there for treatment, was improving. A plaster cast has been taken of his body from the hips up, and from this model will be constructed a cast or frame of leather and steel, which will extend high enough to support the head. He will be obliged to wear this harness for six months or a year. Clyde is very cheerful and brave, and thinks every one very kind to him. He may return home for a visit in about a week.

Last evening, at the home of Mr. and Mrs. Anton Sheffield, 1223 Wright st., occurred the marriage of their daughter, Lillie Louise, to Mr. William Bohner. The ceremony was performed in the presence of about thirty of the immediate relatives and friends of the bride and groom, by Rev. W. M. Forrest, pastor of the Church of Christ. The house was prettily decorated for the occasion with cut ferns, flowers and evergreen. Mr. and Mrs. Bohner left soon after the ceremony for their home at Carpenter's Corners, four miles out on the motor road. They have many friends in Ann Arbor who all wish them much happiness.

Milan Leader: George M. Heath, who is attending the U. of M., was taken quite sick the first of last week, and

Humanity Demands Them!

Humanic

WE have secured the sole control of the famous "Humanic" Shoes for men.

These Shoes are scientifically perfect, being constructed on anatomical lines to conform to the natural foot!

They combine ease, grace, and durability, with a popular price.

Their demand throughout America has been marvelous. Superior in quality and more perfect in fit than any shoes ever sold at this price.

Only obtainable of us in this city.

That Well Dressed Feeling

Comes as a natural result of wearing the clothing we sell. The makers of that clothing have solved the problems of how to turn out large quantities of garments that have ALL the attributes of first-class custom work. Indeed it is only the best merchant tailors who can rival the Quality, Style and fit of "ADLER" ready-made and to do this they must charge nearly or quite double the price.

If you will call we shall take pleasure in showing you the new Suits and Top Coats from this celebrated house, and explaining their many points of superiority.

WADHAMS, RYAN & REULE.

If you are one of the Americans that want to be humbugged we can't help you. We don't pretend to sell goods for less than cost and we don't palm off inferior goods for the good article. We don't cut prices on a few leaders and make it up with interest when you're not looking.

Duelling for sweethearts is not a thing of the past. Last Saturday evening, about half a mile west of Dexter, occurred one of the hardest fights that has taken place in that vicinity for some time. The sons of two prominent farmers came together all on account of a rustic beauty who lives in that section. A ring was made in the road, and after fighting until both were tired out, the mill was called a draw. The young lady will decide who is to be the lucky man.

Remember the children's entertainment to be given in the Baptist church this evening. One of the attractions will be Master Matthew Tinkham, the child elocutionist.

Rev. C. T. Allen addresses a meeting of the Ann Arbor Y. M. C. A. Sunday afternoon. The Ann Arbor company of the 31st and any other soldiers who may be in the city have been invited to be present.

J. W. Vogel's minstrels were greeted by rather a small house at the opera house last evening. The company was deserving of better treatment from Ypsilanti, as their production is thoroughly first-class.

The delegation which is attending the meet of the Michigan Athletic association at Lansing from the Normal numbers about 75, of whom at least 25 are young ladies. The sports continue through today and Saturday.

The regular monthly meeting of the W. C. T. U. was held yesterday afternoon in the Methodist church. The subject of discussion was, "The Peace Conference." The meeting was well attended and several interesting talks were given.

By holding up the state institution appropriation bills, Governor Pingree is striving to coerce the legislature into increasing the taxation of corporations.

His latest move was to call for the withdrawal of the University and Mt. Pleasant Normal bills. The state Normal will probably be the next sufferer.

The entertainment to be given in the Baptist church tomorrow evening under the direction of Miss MacMonagle, of Detroit, promises to be a very interesting event. The program is both musical and literary. A prominent part will be taken by the little Ypsilanti elocutionist, Goldie Thompson.—Saline Cor. of Commercial.

The Congregationalists have, for the "stench" time, been disappointed in their expectation of taking possession of their new church. The very latest date prophesied during the winter by the most pessimistic of the congregation was the second Sunday in June, but it is now seen that even this date is weeks too early. The pastor and building committee have at last reached the frame of mind wherein they do not even hope.

The card directory of the city officials and members of the council committees has come from the printers. The committees are: Ways and means, Van Fossen, Moore and Lappeus; streets and walks, Worden, Dawson and Van Fossen; fire department, Schaffer, Lappeus and Lamb; printing, Lappeus, Lamb and Ferguson; licenses, Davis, Huston and Lamb; salaries, Huston, Davis and Ferguson; ordinances, Dawson and Van Fossen; markets, Huston, Dawson and Worden; bridges, Worden, Schaffer and Lappeus; supplies, Davis, Dawson and Worden.

The Non-Irritating Cathartic

Easy to take, easy to operate—

Hood's Pills

can be ascertained this is literally a "No Man's Land," as it is not on record on city, county or state books. For been kept up by O. A. Almsworth for the past many years the taxes have the privilege of its use for a cow pasture, but it is not his property.

SLOWLY INCREASING.

The finance committee of the Fourth of July celebration movement are keeping steadily at their work and are able to report considerable progress made since the last time called to account. It is an honor to the merchants of the city that of all of the business houses which have been given an opportunity to contribute to the good cause, but one establishment refused to make any response. In not every instance has a large amount been subscribed, but with this one exception no absolute refusals have been encountered by the solicitors. As can be seen by the list which follows, the greater number of private and public establishments in the city have received a call, and it is expected that a few days will suffice to close up the number. The total amount so far subscribed is \$1,051, and many of the donors have stated that if necessary they will double, or at any rate add something to the sums set down. The chairman of the various other committees of the organization recently held a meeting and drew up estimates of the probable expense of their several departments. The grand total was considerably in excess of the \$1,051 now in sight, but it is believed that the balance can be made up by the time it is required. The celebration should be of intense personal interest to every live Ypsilanti, and one and all should do everything in their power to further its success.

WANTED—Cook and dining room girl. Write or apply to 204 Cross st.

Mrs. J. W. Constock, of Forest ave., is visiting her parents in Midland.

Miss Marjorie Kellogg, of Adams st., is spending a few days with Saline friends.

Mrs. M. N. Raymond, of Grass Lake, is spending a few days with friends in the city.

Mr. and Mrs. J. H. Webb have returned from a short visit with friends in Pittsfield.

Mrs. E. R. Beal, of Congress st., is entertaining her aunt, Mrs. Johnson, of Portland, Mich.

Born, to Principal and Mrs. Arbaugh, a little daughter, Mrs. Arbaugh is staying with relatives in Ohio.

Mrs. Brock, of Ypsilanti town, has been called to Lowell, Mich., by the illness of her cousin, Mrs. Laura King.

Miss May Morgan, of the Cleary college, has left to assume a position as stenographer with George G. Harris, of Detroit.

The supper which was to have been given at the home of Mrs. William Deibel, of Washington st., this evening has been indefinitely postponed.

Mrs. C. T. Allen has been the guest of her son in Detroit for the past week. Mrs. Cora Leimbach, of Ballard st., will assume charge of the Y. W. C. A. building next week.

Remember the children's entertainment to be given in the Baptist church this evening. One of the attractions will be Master Matthew Tinkham, the child elocutionist.

Rev. C. T. Allen addresses a meeting of the Ann Arbor Y. M. C. A. Sunday afternoon. The Ann Arbor company of the 31st and any other soldiers who may be in the city have been invited to be present.

J. W. Vogel's minstrels were greeted by rather a small house at the opera house last evening. The company was deserving of better treatment from Ypsilanti, as their production is thoroughly first-class.

The delegation which is attending the meeting of the Michigan A. M. E. association at Lansing from the Normal numbers about 75, of whom at least 25 are young ladies. The sports continue through today and Saturday.

The regular monthly meeting of the W. C. T. U. was held yesterday afternoon in the Methodist church. The subject of discussion was, "The Peace Conference." The meeting was well attended and several interesting talks were given.

By holding up the state institution appropriation bills, Governor Pingree is striving to coerce the legislature into increasing the taxation of corporations. His latest move was to call for the withdrawal of the University and Mt. Pleasant Normal bills. The state Normal will probably be the next sufferer.

The entertainment to be given in the Baptist church tomorrow evening under the direction of Miss MacMonagle, of Detroit, promises to be a very interesting event. The program is both musical and literary. A prominent part will be taken by the little Ypsilanti elocutionist, Goldie Thompson—Saline Cor. of Commercial.

The Congregationalists have, for the "steenth" time, been disappointed in their expectation of taking possession of their new church. The very latest date prophesied during the winter by the most pessimistic of the congregation was the second Sunday in June, but it is now seen that even this date is weeks too early. The pastor and building committee have at last reached the frame of mind wherein they do not even hope.

The card directory of the city officials and members of the council committees has come from the printers. The committees are: Ways and means, Van Fossen, Moore and Lappeus; streets and walks, Worden, Dawson and Van Fossen; fire department, Schaffer, Lappeus and Lamb; printing, Lappeus, Lamb and Ferguson; licenses, Davis, Huston and Lamb; salaries, Huston, Davis and Ferguson; ordinances, Dawson and Van Fossen; markets, Huston, Dawson and Schaffer; bridges, Worden, Schaffer and Lappeus; supplies, Davis, Dawson and Worden; pounds, Lamb, Davis and Van Fossen; cemeteries, Ferguson, Moore and Huston.

The young ladies of the Sigma Nu Phi sorority of the Normal college gave a function on the evening of May 30, which will be long remembered by those who participated. The gymnasium, the scene of festivities, was beautifully decorated. The evening was an incentive for dreamy waltzes and spirited two-steps, and the orchestra knew just what strains most pleased the dancers. After the winding of the May pole by the sorority girls, all joined in the grand march, which was led by Miss Mary Mann and Dr. Harry Britton, Dr. and Mrs. Boone, Prof. and Mrs. Sherzer, Prof. and Mrs. Lyman, Prof. and Mrs. Pease and Miss Mae Harris received. Mrs. Sherzer, Mrs. Boone and Miss Anna Schryver acted as cheerleaders. Guests from Detroit, Ann Arbor, Ypsilanti, Milan and Owosso were present.

A number of young men of the city are agitating a very laudable movement, the formation of an athletic association among the business men. Two plans are receiving discussion. The first is for as many as are interested to club together and subscribe the necessary funds for the purchase or renting of grounds and the construction of such buildings as may seem needed, while the second proposition is to petition the common council for the use of city property. The site which seems to fulfill most nearly the required conditions is the unoccupied land on the corner of Chicago ave. and Normal st., known as the "back lots." As far as

response to every instance has been made. The same has been subscribed, but with this one exception no absolute refusals have been encountered by the solicitors. As can be seen by the list which follows, the greater number of private and public establishments in the city have received a call, and it is expected that a few days will suffice to close up the number. The total amount so far subscribed is \$1,051, and many of the donors have stated that if necessary they will double, or at any rate add something to the sums set down. The chairmen of the various other committees of the organization recently held a meeting and drew up estimates of the probable expense of their several departments. The grand total was considerably in excess of the \$1,051 now in sight, but it is believed that the balance can be made up by the time it is required. The celebration should be of intense personal interest to every live Ypsilantian, and one and all should do everything in their power to further its success.

The Youth's Delta.

During the summer of 1898 a coast survey party discovered that the Aphoon mouth of the Yukon river, which has always been used by steamboats, is by no means so deep as the Kuslivak mouth. The Delta of the Yukon includes hundreds of square miles of mud, which, lying between high and low tide, is neither navigable for boats nor traversable for foot-passengers. But it is a paradise for mosquitoes.

A young man with graphic power of expression says that in his boarding-house bills are paid "two weeks ahead, every Saturday night."—Exchange.

There is a time for all things. The time to take DeWitt's Little Early Risers is when you are suffering from constipation, biliousness, sick-headache, indigestion or other stomach or liver troubles. W. N. Salisbury.

"Bureau of Law," Washington, D. C. Information pertaining to the laws of the United States, of the several states and Territories of the United States and of foreign countries furnished upon application.

The Jamaica reciprocity delegation will sail from Kingston for the United States on Tuesday. The scope of the commission is restricted to representing Jamaica's position and securing the best possible terms. The delegates have no power to enter into an agreement.

A fatal duel with pistols was fought at Klausenburg, Hungary, between Prof. Oberschall, of the Pressburg law academy, and Herr Putzky. The latter was shot in the head. The quarrel, which led to the duel, was caused by a jesting remark by Prof. Oberschall.

The Ohio state labor convention, called to get labor interests closer together and to correct some abuses, met in Columbus Thursday and after forming a temporary organization adjourned for the day. The meeting is expected to be the largest labor convention ever held in the state.

THE NATIONAL GAME.

Result of Thursday's Contests Between Clubs of Leading Baseball Organizations.

Unique New Year's Greeting.

This is the New Year's address of the Porto Rican band of San Juan to Gen. Henry: "The Porto Rican band of music who translate from the soul that loves dream the harmony of the sun and the light of day; who interpret with sweetness the high sentiments of that who devoted his fondness to the native land, respectfully and filled with fervor, take pleasure in congratulating you, and ask from the Creator everlasting happiness for you. In this dawn of our new era, full of deep solitude, long for the praise of the whole world to make of it a present for you. Porto Rico, January 1st, 1899."

New Test for Coal.

A French experimenter suggests that the X-ray furnishes a ready means to detect stony impurities in coal. Carbon is very transparent to the Roentgen rays, while silica is opaque to them. Consequently the silicates, which form slag when coal is burned, can be seen like a skeleton when the shadow of the coal is projected upon the fluorescent screen.

Death of Ex-Gov. Baxter.

Little Rock, Ark., June 2.—Elisha Baxter, the tenth governor of Arkansas, is dead at his home in Batesville. Gov. Baxter was born in Rutherford county, North Carolina, September 1, 1827. He was elected governor of Arkansas in 1872, and his administration witnessed the stormiest period in the history of the state and brought about the Brooks-Baxter war. President Grant issued a proclamation recognizing Baxter as governor.

Dies of His Injuries.

Oberlin, O., June 2.—Henry Lee is dead at his home here from injuries received on Decoration day. Mr. Lee was one of the most prominent colored men in Ohio, and was the originator of the appeal to the foreign powers against the treatment of the colored people in the south. He was educated in Oberlin college and was a man of unusual intellect.

Trade-Mark of a Missouri Town.

Kansas City has adopted a trade-mark. Hereafter it will appear on all manufactured goods sent out from that city. The design was selected by the directors of the Manufacturers' association from 78 which were submitted. It consists of a map of the United States, with Kansas City represented by a star in the exact center. Above the star hovers an eagle with outspread wings.

FACTS TO REMEMBER.

She looks as clear as morning roses, newly wet with dew, after taking Knill's Red Pills for Wan People. 25c. a box.

Trust not too much to an enchanting face. But always trust Knill's Blue Kidney Pills at 25c. a box.

A thing of beauty is a joy forever. Knill's Red Pills for Wan People make it.

Jealousy is doubt and doubt is the death of love. But when you take Knill's White Liver Pills you have no doubt, they are effective.

Her very frowns are fairer far than smiles of other maidens are. She had taken Knill's Red Pills for Wan People.

HARDLY.

You cannot cure hams with a hammer, Or measure a dram with a drama, Do sums with a summer, Or yet shear a ram with a rammer, But you can cure kidney ills With Knill's Blue Kidney Pills, At 25c. a box.

Mary was very thin, Her face was white as snow, The preacher paid a visit And told her where to go And get Knill's Red Pills for Wan People, As they would make her strong and have good color again.

When the wedding bells are ringing, Everyone will be singing: "Take Knill's Red Pills for Wan People."

JUDGED BY THEIR MERITS.

Are Knill's Red Pills for Wan People, Knill's Blue Kidney Pills, Knill's White Liver Pills. As everyone that tries them say they are the best and recommend them to their friends. 25c. per box. Warranted. Sold by all druggists.

A total for the world of 433,953, against 395,143 four years ago. These figures show that Africa made the greatest proportionate advance, that continent's gain being over 25 per cent, against 9 per cent in Europe, 22 per cent in Asia, 8 per cent in America, 12½ per cent in Australia, and nearly 10 per cent for the entire world. The length of the world's railways in 1895 of 433,953 miles is more than seven-tenths times the circumference of the earth at the equator. The North American continent has a greater mileage than the rest of the world combined.

London's Growth.

It is estimated that at the present rate of growth London, which now has a population of 5,657,000, will in 1941 have over 13,000,000.

Kodol Dyspepsia Cure

Digests what you eat.

Artificially digests the food and aids Nature in strengthening and reconstructing the exhausted digestive organs. It is the latest discovered digestant and tonic. No other preparation can approach it in efficiency. It instantly relieves and permanently cures Dyspepsia, Indigestion, Heartburn, Flatulence, Sour Stomach, Nausea, Sick Headache, Gastralgia, Cramps, and all other results of imperfect digestion. Prepared by E. C. DeWitt & Co., Chicago.

logging operations and clears 350,000 to \$100,000 yearly, which is added to the fund.

Cricket as a Thermometer.

A conscientious cricket is one of the best thermometers in the world. The temperature may be accurately told by observing the number of chirps in a minute. At 60 degrees Fahrenheit the rate is eighty chirps a minute, at 70 degrees Fahrenheit 120 per minute, and the rate increases four chirps to the minute with a change of one degree. Below a temperature of 50 degrees Fahrenheit the cricket is not likely to make any sound.
